Professional Summary

Project and Operations professional with 2.5+ years of experience across telecom infrastructure deployment, network operations, and POP lifecycle management. Currently working as a Process Specialist at Infosys BPM, handling POP migration, POP closure, EoL activities, and network optimization for enterprise customers. Strong exposure to planning, implementation, vendor coordination, circuit provisioning, and service migration. Adept at working as Planning Owner and Implementation Owner, coordinating end-to-end delivery while ensuring quality, timelines, and stakeholder alignment. Seeking growth into POM / Project Management roles in telecom and network domains.

Professional Experience

Process Specialist – Network Operations
Infosys BPM Ltd., Bengaluru
Duration: 2025 – Present (6+ months)

Roles & Responsibilities

1. Supporting **POP Migration, POP Closure, End-of-Life (EoL), and POP Optimization** initiatives for telecom network transformation programs.
2. Performed **CSM (Customer Service Management) validations** to assess technical feasibility, impact, and readiness for migration activities.
3. Raised and tracked **Quote Requests**, managed **Quote IDs**, and coordinated with internal and external stakeholders for approvals.
4. Acted as **Planning Owner**, responsible for:
 - a. Reviewing **TDV (Technical Design Validation)**
 - b. Finalizing migration approach, timelines, and dependencies.
5. Acted as **Implementation Owner**, responsible for:
 - a. **Create Order (CO)** activities
 - b. Network **meshing and circuit design**
 - c. Ordering circuits with **carriers / service providers**
6. Coordinated **end-to-end circuit provisioning**, from carrier order placement to delivery at customer premises.
7. Oversaw **circuit testing, validation, and service readiness**, ensuring successful handover.
8. Executed **network migration activities**, minimizing downtime and ensuring seamless service transition.
9. Acted as a single point of coordination between **planning, implementation, vendors, carriers, and customers**.
10. Maintained process documentation, tracked milestones, and ensured adherence to operational SLAs.

Project Executive – Telecom Infrastructure

PACE Digitek Ltd., Bengaluru

Project: BharatNet (TANFINET – Government of Tamil Nadu)

Duration: 2023 – 2025

Roles & Responsibilities

1. Project management professional with 2 years of hands-on experience in the execution and monitoring of large-scale telecom infrastructure under the Government of Tamil Nadu (TANFINET) project.
2. Skilled in managing both **passive and active components** of network deployment, including site preparation, equipment installation, and testing.
3. Strong expertise in **vendor management**, ensuring smooth coordination between multiple contractors and stakeholders for timely project delivery.
4. Proficient in **inventory tracking, TPA coordination**, and reporting project milestones to higher authorities. Sound knowledge of **OFC (Optical Fiber Cable)** laying, splicing, and network readiness assessments for broadband connectivity.
5. Known for ensuring **compliance with technical standards**, resolving on-ground challenges, and maintaining quality documentation throughout project cycles.

Core Skills

Project & Operations Management

- POP Migration & Optimization
- Network Planning & Implementation
- Stakeholder & Vendor Coordination
- Risk & Issue Management
- SLA & Process Compliance

Telecom & Network

- OFC Deployment & GPON Networks
- Circuit Provisioning & Migration
- TDV Review & CSM Validation
- Carrier Coordination

Tools & Software

- iManager, Clappia
- MS Excel, MS Word, MS PowerPoint
- MATLAB (Academic)

Educational Details:

1. Jain College of Engineering and Technology, Davanagere| BE, ECE| CGPA: 7.1 2023
2. Sri Siddeshwara PU College, Davanagere | 2nd PUC| Percentage:70 2019
3. Sri Mahadeva Kesari High School | SSLC| Percentage:82 2017

Projects:

Mini Project: Smart Irrigation Agriculture Using Arduino Microcontroller.

Major Project: Electricity Generation By Non-Bio Degradable Waste And its Applications.

Personal Details:

DOB: 23rd Aug 2001

Sex: Male

Languages: English, Kannada, Hindi & Tamil

Nationality: Indian
